March 21, 2024

Dear Board of Directors:

I've attached the proposed budget for FY25 for your review and consideration. A summary of our projections for the current fiscal year as well as the proposed budget for next year are both outlined below.

This past year, the board approved two major initiatives: 1) Leasing the former Sturbridge Yankee warehouse for the new materials recovery facility (MRF) and 2) giving approval for bonding for capital improvements at the new MRF, the landfill and the Waste-To-Energy facility. These projects are included in the FY25 Capital budget which totals \$38.8 million. These two approvals are fundamental to the growth of ecomaine and our ability to meet the regions solid waste and recycling needs moving forward.

Inflation has come down to a more modest level (CPI U presently at 3.15%), but the labor market remains a challenge. In order to maintain a knowledgeable work force, we are proposing an overall wage adjustment of 3.5% in this budget proposal. Like last year, we hope this continues to make us competitive in attracting and retaining our talented team. The present budget proposes no changes to our staffing levels.

With this budget, you will note two major challenges:

Interest

The borrowing of \$35.5 million comes with added interest costs. We will need to provide temporary financing during the early stages of the projects starting in July, 2024. The bond financing will follow.

Property Insurance

We are presently in the renewal process for our property insurance. Last year, we were given notice that our current carrier (Starr Technical Risks) was no longer going to be able to take 100% coverage of our property and business interruption coverage. Given that, our broker has been reaching out to other carriers for coverage. The budget we have prepared anticipates a \$580 thousand increase in property insurance costs. It is our hope that we can bring this down to a more reasonable increase.

**Current Projections for FY24**

Our forecast for FY24 is looking favorable. It anticipates that revenues will come in at \$27.29 million which is \$152 thousand favorable to budget. The notable revenue variances are the Sale of Recyclable materials favorable by \$223 thousand, Electrical Revenue favorable by \$151 thousand and Recycling Tipping Fees favorable by \$343 thousand. Commercial Tipping Fees are projected to be unfavorable to budget by \$559 thousand.

On the operating expense side, we're forecasting \$23.04 million which is \$786 thousand (3.3%) favorable to the FY24 budget. Most of this positive variance can be attributed to wages and benefits coming in favorably (\$553 thousand) and WTE by-pass (favorable \$566 thousand).

The forecast does anticipate some problem areas with unfavorable results including Landfill Major Repairs (\$156 thousand unfavorable) and Insurance (\$150 thousand unfavorable). Total Net Income on an EBITDA (Earnings before Interest, Tax, Depreciation and Amortization) basis is forecasted to be a positive \$4.2 million or \$1.92 million favorable to budget. Total Net Income on a GAAP basis is forecasted to be \$1.2 million or favorable to budget by \$2 million.

This year's Capital spending is forecasted at \$7.14 million which is favorable to budget by \$683 thousand.

### **Proposed FY25 Budget vs the FY24 Budget**

Comparing the FY25 budget with the FY24 budget, expenses are up by \$1.29 million, however the increase is covered by revenues which are up by \$2 million. This results in a Total Net Operating Income of \$4.02 million as compared to last year's \$3.31 million. Total Net Income on a full GAAP basis is budgeted at a loss of \$1.1 million as compared to last year's budgeted loss of \$792 thousand.

On a budget-to-budget comparison, the reasons why Revenues are up \$2.9 million (7.4%) are due to an increase in Tipping Fees which are favorable by \$376 thousand, Recycling Commodity Revenues which are favorable by \$499 thousand and Recycling Tipping Fees which are favorable by \$1.13 million.

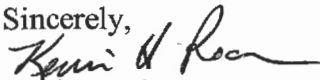

On the expense side, most of the \$1.2 million increase (5.4%) can be attributed to Property Insurance (up 262%), Wages (up 2.5%), Benefits (up 6.2%), WTE Chemicals (Lime up 12%), WTE Electric (up 24%), Landfill Water and Sewer (up 36%), Transportation Vehicle Repairs (up 85%), while Waste Disposal is down \$682 thousand or 46%.

On the Non-Operating income and expense side, we have analyzed investment income over the past several years and it recognizes annual earnings of approximately 5.7%. For FY25 budget purposes, we are budgeting investment earnings at 4% or \$920,000. Offsetting this revenue is interest expense which is increasing as a result of the \$35.5 million of bonding. This added debt will result in an increase in Interest Expense of \$983 thousand.

Proposed Capital spending in FY25 is \$38.8 million which includes the \$35.5 million approved by the board in January of this year for bond financing.

In summary, I'm pleased to report that our proposed budget is consistent with the Five-Year Plan we completed last fall. Despite the challenging insurance environment, we are able to cover most of our cost increases with increases in revenues. Our plan is to review the Five-Year Plan again this summer and after year-end, report back to the board with an updated Five-Year Analysis. This financial tool has proven to be a critical piece in our financial performance and our future planning strategies.

As we move forward, we will continue to focus on our mission in providing comprehensive, long term solid waste solutions in a safe, environmentally responsible, economically sound manner and continue our leadership in raising public awareness of sustainable waste management strategies. If you have any questions or comments, please know that our team here at ecomaine is here to respond.

Sincerely,  
  
Kevin Roche

# A look at the Current Year Forecast

## Comparing the FY24 Budget to the FY24 Forecast

Revenues are coming in line with Budget

- Anticipated COLA for contracts came in below what was estimated (4.5% vs 2.34%)
- Some softness Commercial Tons (down 1,337 tons), able to add extra 1,250 winter tons
- Recycling Sale of Materials showing improvement in recent months

Operating Expenses are expected to be favorable by \$786K or 3.3%

Major variances from Budget:

- WTE Wages and Benefits favorable \$277K due to lower OT
- WTE Chemicals (carbon & lime) favorable \$80K
- WTE Bypass waste favorable \$566K (fewer tons)
- WTE Spare Parts unfavorable \$105K
- WTE Electricity unfavorable \$100K (capacity & rate increase)
- Recycling Wages and Benefits favorable \$234K lower OT
- Recycling Purchase of Recycled materials favorable \$73K (market)
- Recycling Contract rebates favorable \$61K (market)
- Recycling 90 Blueberry not anticipated at passage of FY24 budget unfavorable \$471K
- Landfill Sewer unfavorable \$172K (more leachate and higher rates)
- Landfill Leachate Header Project unfavorable \$156K
- Administration Wages and Benefits favorable \$88K
- Administration Property Insurance unfavorable \$143K

# A look at the FY25 Budget

## Comparing the FY24 Budget to the FY25 Budget

Revenues are up \$2 MM or 7.4%:

- Owner MSW revenues up \$583K or 11.5% (due to increase in rate)
- Associates/Contract MSW flat (COLA was less than anticipated FY24 carries over)
- Commercial MSW revenues down \$328K (due to decrease in Tons anticipated)
- Recycling material revenue up \$500K or 23.3% (due to markets)
- Recycling tipping fees up \$1.1 MM (due to more tons and increased rates)

Operating Expenses up \$1.35 MM or 5.7%

- Administration Insurance up \$690K or 125% more
- WTE Bypass down \$682K (decrease in tons)
- WTE Chemicals up \$103K (increased cost for Carbon)
- WTE Electric up \$55K (major rate increase)
- WTE Major Repairs up \$254K (MACT Rules and timing)
- Recycling 90 Blueberry Property up \$562K
- Landfill Sewer up \$153K (more leachate and higher rates) Transportation
- Vehicle Repairs up \$47K

Non-Operating Expense: Increase of \$1.03 MM in Lease and Bond interest payments

# Payroll and Benefits Changes FY25

- Overall increase of \$190K in wages and \$177K in benefits
  - ❖ Some decrease in overtime from highs experienced in FY23
  - ❖ Budget includes no additional staff
  - ❖ Health Insurance significant rate increase of \$195K
  - ❖ Workers Comp – Budgeted decrease of \$62K due to improved experience

# Conclusions

- ❑ Forecasted FY 24 Net Income (EBITDA) is expected to be a positive \$4.2MM or \$1.92 MM favorable to the budget and a Net Income (GAAP) of \$1.22 MM or \$2.02 favorable to budget.
  - ❖ Commercial MSW down 6% or \$559K due to decrease in tons
  - ❖ Better recycling commodity revenue favorable
  - ❖ Overall expenses have been favorable with overtime modest this past year as compared to last
  - ❖ Landfill Leachate Header Project major repair was unanticipated
- ❑ FY 25 proposed budgeted Net Operating Income is up \$652K over the FY24 budget with an increase of \$2MM in revenue and an increase of \$1.35 MM in expenses.
  - ❖ Increase revenue – 7.4%
    - Increase MSW revenue of \$376K due to rate increases
    - Increase in recycling commodity revenue of \$499K due to markets and tonnage
    - Increase in recycling tipping fees of \$1.1 MM due to increase in rates and tons
  - ❖ Increase expense – 5.7%
    - Increase Admin Property Insurance of \$667K due to industry increases
    - Increase payroll & benefits of \$367K
    - Increase in costs related to 90 Blueberry property of \$562K
    - Increase in Landfill Sewer of \$153K
    - Decrease in MSW Bypass of \$682K due to decrease in tons
- ❑ FY 24 Capital Expenditures will total \$38.8 MM, of which \$35.5 MM will be financed through bonds approved by board this past January. With it comes an increase interest expenses of \$1.02 million this year. The significant Capital Investments of \$39 million are being proposed to cover current operations and future growth.
- ❑ The proposed FY25 budget continues our commitment to our mission.
